

the Toaster

an NFS short film... **CASTING CALL!!!**

Logline

Introducing the new Retro 2-Slice Toaster from Fry's Appliances; a life-changing product for the whole family. Our household essentials will stand by as you wed your darling, raise your child, and **tear your family apart**.

DAVID (Late 20s - Early 30s)*

He's your grandad in his glory days, everything a man ought to be. He works hard to support his woman and child, even though it distracts him from them. But family life can get pretty stale, and surely nobody needs to know if he wants a little more excitement.

DONNA (Late 20s - Early 30s)*

Probably born in a sundress, Donna has it made; a disloyal husband, a disruptive child. She is relentlessly optimistic and willingly ignorant of the cracks forming in her idyllic life. She's got the perfect world between the walls of her kitchen. But maybe she's growing tired of being the housewife...

DEE (6 years old)

A lovable troublemaker from the get-go, she's too young to understand her family crumbling around her. An innocent victim of the garish world that gave her life.
