

Name: Princess Molly

Age: 5-8

Accent: British

Description:

Princess Molly, like most six year olds, lives in a fluffy bubble of glitter and sparkle, unicorns and rainbows. Molly will, thanks to her adorable cuteness and her status as the much younger sister, get away with everything and anything. But don't let those puppy eyes fool you Molly has a truly wild side to her and she can be as unruly as her big hair.

Line:

Well, Stella told her boyfriend
that she can play the guitar. But
that was really stupid because she
can't and now she has to move to
the moon. So when she leaves can I
have her room?
